ANNOUNCEMENTS

Back to School Safety

LCO Tribal Police
August 19, 2026

It's hard to believe, but it's already that time of year again!

With school starting back up, we want to remind everyone to slow down, stay alert, and keep an eye out for our kids. Please pay attention to school zones, watch your speeds, and be prepared for increased traffic, school buses making frequent stops, and kids walking or biking to and from school.

Mornings can be busy and we all have somewhere to be, but those few extra seconds can make all the difference. Our kids, bus drivers, teachers, school staff, and families deserve to get where they're going safely.

Please remember, when those red lights are flashing and the stop arm is out, STOP, you cannot pass or go around the bus.

Slow down. Put the phone down. Watch for the busses flashing lights. Let's start the school year off safe!

FOR IMMEDIATE RELEASE

Mandaamin Community Update

August 18, 2026

LAC COURTE OREILLES, Wis. – The Lac Courte Oreilles Tribal Governing Board would like to provide an update regarding the transfer of homes to the LCO Housing Authority and the next steps for prospective homebuyers.

The Tribal Governing Board passed Resolution No. 2026-17, titled 'Approving Property Transfer Agreement for the Mandaamin Subdivision Plat with the Lac Courte Oreilles Housing Authority,' which approved the transfer of property rights within the Mandaamin Subdivision Plat to the Lac Courte Oreilles Housing Authority (LCOHA) to create homesites, develop homes, manage housing units, and convey the same to Lac Courte Oreilles Tribal Members to lease land and purchase a home. The transfer of the homes from the Tribe to the Housing Authority is currently expected to occur **at the end of August**.

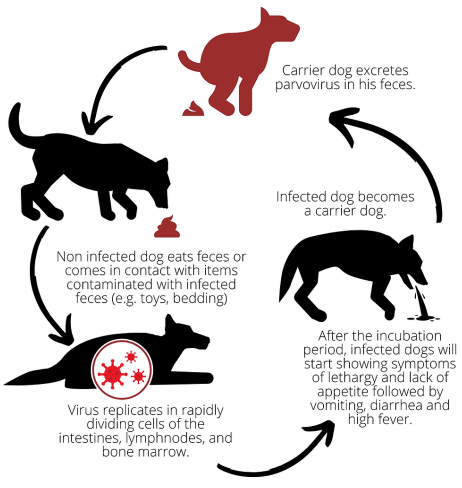
Public Safety Announcement - PARVO

By Sara Collazo
August 18, 2026

We have heard of a few cases here in our communities. Mostly Fatal The vaccination is much cheaper than the 1000's potentially to treat.



Canine parvovirus ("parvo") is a highly contagious and potentially fatal disease, especially in puppies. It attacks the gastrointestinal tract and immune system, causing severe vomiting, diarrhea, dehydration, and sometimes sepsis. Puppies under about 4

months and dogs that aren't adequately vaccinated are at greatest risk.

New Post End of the Summer Bash was a success!

By Doreen DeBrot
August 16, 2026

The New Post Community End of Summer Bash was a huge success!
The bed race was one of the day's most exciting events, with two teams battling it out right to the finish line. The **Post Toasties** took first place, while the **Post Toastie Seniors** finished a very close

Video Photo Gallery

second. The Post Toasties also took home the prize for best costumes.

Ricing Season is almost here!

NEW! Annual Manoomin Harvest Outlook. Estimates of rice abundance are uploaded and compiled from air surveys in Minnesota, and from REMOTE SENSING technology, air, and ground surveys in Wisconsin. Preliminary maps and survey information derived from satellite data and aerial flights.

Wisconsin waters are divided into date-regulated lakes and non-date regulated waters. If the water you are interested in is not on the list of date-regulated waters, you may harvest it whenever the rice is ripe. (All other ricing regulations still apply.)
